Tirur, Malappuram, Kerala

Professional Summary

A motivated and hardworking individual currently pursuing Master of Computer Applications (MCA), with practical experience in software development, web application building, data analysis, and machine learning. Developed complete projects independently using Python, Django, and Flask. Quick to learn new skills, adapts easily to different environments, communicates well, and contributes positively in team settings. Eager to apply technical knowledge and problem-solving skills in a professional work environment.

Technical Skills

- **Languages:** Python, Java, HTML, CSS, JavaScript (Basic)
- **Web Frameworks:** Django, Flask
- **Database:** MySQL, SQLite, SQL Querying
- **Data & Analytics:** Pandas, NumPy, Scikit-learn, MS Excel, Data Visualization
- **Tools:** Git, GitHub, VS Code, Android Studio

Projects

AgroNexus — Smart Crop Prediction & Equipment Management System 2024 – 2025

- Developed a web application using Python and Flask for crop yield prediction and crop recommendation.
- Trained a Random Forest machine learning model on agricultural parameters such as rainfall, season, land area, and fertilizer usage to generate accurate predictions.
- Designed the database using MySQL to store and manage crop data, user records, and equipment information.
- Built an equipment booking module allowing farmers to check machinery availability and calculate rental costs.
- **Tech Stack:** Python, Flask, Scikit-learn, Pandas, NumPy, MySQL, HTML, CSS, JavaScript

QR-Based Mall Product Navigation System 2023 – 2024

- Built a Django-based web application where shoppers can scan QR codes to instantly view product details, store locations, and active offers.
- Implemented a real-time search feature and a product review section for an interactive shopping experience.
- Developed an admin dashboard for managing products, stores, and offers through Django's built-in admin interface.
- **Tech Stack:** Python, Django, HTML, CSS, JavaScript

Education

Master of Computer Applications (MCA) 2025 – Present

MES College of Engineering, Kuttipuram

B.Sc. Physics 2021 – 2024

TMG College, Tirur CGPA: 7.0

Higher Secondary Education 2019 – 2021

Government Boys Higher Secondary School, Tirur CGPA: 9.3

Certifications

Deloitte Data Analytics Job Simulation — Deloitte / Forage

March 2026

- Completed practical tasks in Data Analysis and Forensic Technology simulating real Deloitte analyst workflows.

Cloud Computing — NPTEL & IIT Kanpur

Achievements & Activities

- **National Cadet Corps (NCC):** Earned A, B, and C Certificates (2021–2024), demonstrating discipline and leadership.
- **Rugby:** Secured 3rd place in Calicut University Inter-Collegiate Rugby Tournament; participated in All Kerala Senior & Junior Rugby Sevens Championships (2021–2023).
- **NSS:** National Service Scheme participant (2019–2021).
- **Languages Known:** English, Malayalam
- **Hobbies:** Drawing, Reading, Video Editing, Dancing
