Professional Summary

Recent MCA graduate with hands-on experience in frontend development through a six-month Software Development Internship at Key Tech Softwares. Worked on multiple real-world software projects using Angular, TypeScript, HTML, CSS, and .NET Web API. Gained practical experience in Angular components, forms, routing, services, reusable UI development, API integration, CRUD operations, and application testing. Seeking an entry-level Frontend Developer role where I can apply my skills and continue to learn and grow.

Technical Skills

Frontend:	Angular, TypeScript, JavaScript, HTML5, CSS3
Programming Languages:	C#, Python, SQL
Backend / API:	ASP.NET Core Web API, Entity Framework Core, RESTful APIs
Databases:	SQL Server, MySQL, SQLite, PostgreSQL
Tools:	Git, GitHub, GitLab, Visual Studio Code, Postman
Core Skills:	Component-Based Development, CRUD Operations, API Integration, OOP, SDLC, Problem Solving

Experience

Key Tech Softwares — Software Development Intern April 2026 – September 2026

Angular | TypeScript | PrimeNG | .NET Web API | C# | RESTful APIs

- Worked on multiple real-world software projects as part of the software development team, gaining hands-on experience in Angular application development.
- Built and maintained 10+ frontend screens using Angular, TypeScript, HTML, CSS, and PrimeNG, improving UI consistency and reusability across modules.
- Worked with Angular components, forms, routing, services, and reusable UI elements to build application features.
- * Integrated Angular applications with RESTful APIs and .NET Web API endpoints, implementing CRUD operations that streamlined data handling for core modules.
- Worked on an e-commerce application as one of the real-world projects during the internship.
- Used Postman for API testing and validation and Git/GitLab for source control and development workflow.

Projects

MediBook — Healthcare Appointment Management System

Angular | TypeScript | ASP.NET Core Web API | C# | Entity Framework Core | SQL Server

- Developed a healthcare appointment management system using Angular frontend and ASP.NET Core Web API backend.
- Implemented CRUD operations for managing doctors, patients, and appointments with SQL Server database integration.
- Worked with Angular Reactive Forms, validation, REST API integration, and frontend-backend communication.
- Implemented appointment booking, patient and doctor selection, appointment status management, editing, and deletion functionality.

E-Commerce Web Application

Angular | .NET Web API | C# | REST APIs | SQL

- Worked on an e-commerce web application with Angular frontend and .NET Web API backend.
- Worked with Angular components, forms, routing, services, and reusable UI components.
- Integrated frontend functionality with REST APIs for data retrieval and CRUD-based operations.

AgroNexus — Smart Crop Prediction & Equipment Management System

2024 – 2025

Python | Flask | Scikit-learn | MySQL | HTML5 | CSS3 | JavaScript

- Developed a full-stack web application for crop yield prediction and equipment management using Flask and MySQL.
- Built web functionality for managing crops, users, and equipment and integrated a Random Forest model for crop yield prediction.

QR-Based Mall Product Navigation System

2023 – 2024

Python | Django | SQLite | HTML5 | CSS3 | JavaScript

- Developed a Django-based web application for QR-enabled product and store information using Python and SQLite.
- Implemented admin functionality for managing products, stores, offers, and related information.

Education

Master of Computer Applications (MCA)

2024 – 2026

MES College of Engineering, Kuttipuram

Bachelor of Science (B.Sc.) in Physics

2021 – 2024

TMG College, Tirur

Certifications

- Cloud Computing — NPTEL & IIT Kanpur
- Microsoft AI Skills Fest 2026 — Microsoft

Achievements & Activities

- National Cadet Corps (NCC) — A, B, and C Certificates
- National Service Scheme (NSS) Participant
